

# Firestone UltraPly™ TPO Accessories

COVERAGE • CUSTOMIZATION • CONFIDENCE

**Firestone**  
BUILDING PRODUCTS

NOBODY COVERS YOU BETTER™

# A TOTAL TPO

Greater energy efficiency and a great value make thermoplastic polyolefin (TPO) the fastest growing sustainable commercial roofing product available. **Firestone UltraPly™ TPO** provides a heritage of excellence combined with the exclusive Red Shield® warranty for a roof that delivers on quality and long-term performance. And now, our complete line of UltraPly TPO accessories provides faster installation, lower system costs and watertight seals around any roof protrusion.

## ADHESIVES

### UltraPly Bonding Adhesive

- Specifically designed to bond UltraPly TPO membrane to wood, metal, masonry and other substrates

### UltraPly TPO XR Bonding Adhesive

- Specifically designed for use with UltraPly TPO XR (fleece-backed) membrane
- Labor-saving, one-side-only application
- Applies with most standard application methods

## LVOC ADHESIVES

### Water Based Bonding Adhesive S

- Water-based alternative to traditional solvent-based adhesives

### Single-Ply LVOC Bonding Adhesive

- Faster dry time than competitive solvent-based products
- Can be applied in cold weather, unlike water-based adhesives

### Single-Ply LVOC Bonding Adhesive II68

- Formulated for special low-VOC applications
- Complies with SCAQMD and LEED® requirements

## SEALANTS

### UltraPly TPO General Purpose Sealant

- High-quality sealant with excellent adhesion to a variety of surfaces
- Can be used as a fastener sealer, termination bar caulk and/or TPO cut-edge treatment

### UltraPly TPO Cut-Edge Sealant

- Used to seal cut edges of membrane where polyester reinforcement is exposed
- Available in white, tan and gray

# SOLUTION FROM THE BRAND

## PRE-FORMED ACCESSORIES

### UltraPly™ TPO Reinforced Split Pipe Boots

- 3 sizes available
- Available in white, tan and gray
- Split design to fit pipe penetrations with limited or no access from above

### UltraPly TPO Pipe Boots

- Available in white, tan and gray
- Universal Boots fit pipes from 1" to 6"
- Large Boot fits 6" to 8"

### UltraPly TPO Reinforced Curb Corners

- Fabricated from 45 mil thick UltraPly TPO
- Available in 6 sizes to accommodate various curb sizes

### UltraPly TPO Inside/Outside Corners

- Specifically designed for flashing either inside or outside corners on curbs, parapets and scuppers

### UltraPly TPO T-Joint Covers

- Designed to cover and seal T-Joints formed at seam intersections

## MEMBRANE

### UltraPly TPO Unsupported Flashing

- Non-reinforced TPO for field fabrication of special details
- Available in white, tan and gray

### UltraPly TPO 18" Supported Flashing

- Specifically designed for curbs and parapet walls
- One edge is encapsulated, eliminating the need for cut-edge sealant
- Available in 50' rolls

### UltraPly TPO 8" Cover Strips

- Constructed of 60 mil thick UltraPly TPO
- 50' length, pre-cut & ready to roll
- Available in white, tan and gray

# YOU TRUST

## QUICKSEAM™

### UltraPly™ TPO QuickSeam 5.5" & 9.5" Flashing

- Can be used as coverstrips over intermediate mechanical attachment, or at metal edge
- Pre-applied QuickSeam pressure-sensitive tape technology

### UltraPly QuickSeam RMA Strip

- Non-penetrating intermediate attachment for roof perimeters
- Allows the use of membranes up to 12' for perimeter installations
- Pre-applied QuickSeam pressure-sensitive tape technology

### UltraPly QuickSeam RPF Strip

- Non-penetrating membrane attachment for securement at angle changes
- Pre-applied QuickSeam pressure-sensitive tape technology

### UltraPly QuickSeam Pipe Boots

- Covers pipes ranging from 1" to 6" diameter
- No heat welding required
- Pre-applied QuickSeam pressure-sensitive tape technology

### SinglePly QuickPrime™ Primer

- Designed to clean and prime UltraPly TPO to receive all QuickSeam accessories
- Also available in low VOC version, UltraPly TPO QuickPrime LVOC Primer

## OTHER ACCESSORIES

### UltraPly TPO Premium Walkway Pads

- 30" wide by 50' long rolls in light gray color
- Protects UltraPly membrane in traffic areas and around rooftop equipment

### UltraPly TPO Coated Metal

- Non-reinforced UltraPly TPO factory laminated to 24-gauge hot-dipped galvanized steel
- For use as a flashing component for UltraPly TPO systems
- 4' x 10' sheets available in white, tan and gray

### UltraPly TPO Reel-Fast™ Collated Seam Plates

- Specifically designed for use in the attachments of UltraPly TPO systems over steel, wood or concrete decks
- Reel includes cardboard flanges to assist in unrolling plates onto the membrane
- Available with plates spaced at 6" or 12" on center
- Can be used with Firestone Heavy Duty or All-Purpose fasteners

# ACCESSORY LINE

## THE INVISIWELD™ FASTENING SYSTEM

The InvisiWeld Fastening System uses advanced technology to mechanically install UltraPly™ TPO roofs without fasteners penetrating the roofing membrane. This results in labor and materials savings, increased wind uplift resistance and a more balanced load distribution across the roof.

- Plates are bonded to the underside of the membrane via induction heating
- Welds UltraPly TPO membrane to TPO coated InvisiWeld plate in seconds
- Required 25–50% fewer fasteners compared to conventional mechanically fastened TPO systems

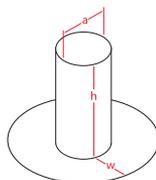

## CUSTOM ACCESSORIES

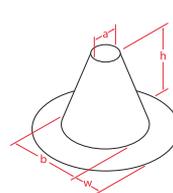

No two roofs are the same. If your roof has unique designs or elements, customized UltraPly TPO accessories from Firestone offer the same money-saving benefits of our standard UltraPly TPO accessories and give you the confidence of knowing you're getting quality accessories from a company you trust.

### Pipe boots:

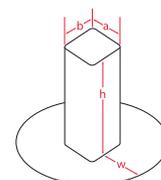

- Round, square or conical shaped
- Available with closed or split design

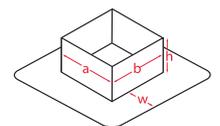

Pipe Boot

Conical Boot

Square Tube Boot

Curb Flashing

### Custom Curb flashing:

- Allows for square or rectangular configurations

All Firestone custom accessories come with factory-formed welds and are fabricated from proven UltraPly TPO reinforced membrane.
